The annual report released by the Oregon Public Health Division indicates 71 Oregonians died in 2013 after obtaining lethal medication to end their lives. The number represents a first-ever decline in the number of assisted suicide deaths since the law went into effect in 1997. The latest report indicates 122 lethal prescriptions were written during the year ... The total known assisted suicides in Oregon stands at 752 deaths. (*Oregon Public Health Division Report; CLR Life News, 1/31/14*)

An English columnist has argued that sex-selective abortion is a legacy of abortion on demand. Dominic Lawson, writing for the *Daily Mail* newspaper, said: “If [an unborn child] has no moral status during the temporary period of total dependency on the mother, why should one reason for termination be any more legal or illegal than another? ... That’s what pro-choice means, however much those who framed the law might seek to distance themselves from the consequences.” (*Mail, SPUC, 1/20/14*)

Speaking Up For Life

“Any country that accepts abortion is not teaching its people to love, but to use violence to get what they want. That is why the greatest destroyer of love and peace is abortion.” *Mother Teresa*

“The simple biological truth of the matter is that the Cell Theory states that all cells arise from pre-existing cells. There is no blackout period between sperm and egg uniting, and then the emergence of ‘life’ at some point distant.” *Gerard Nadal, Ph.D.*

“Except for the whole manger thing, Jesus’ birth was pretty much like any birth ... The miracle happened nine months before when the power of the Holy Spirit overshadowed a virgin and the holy Son of God was conceived in her womb.” *Rev. Dr. James I. Lamb, executive director of LFL*

The Tiny Peace Maker by Rev. Dr. James I. Lamb

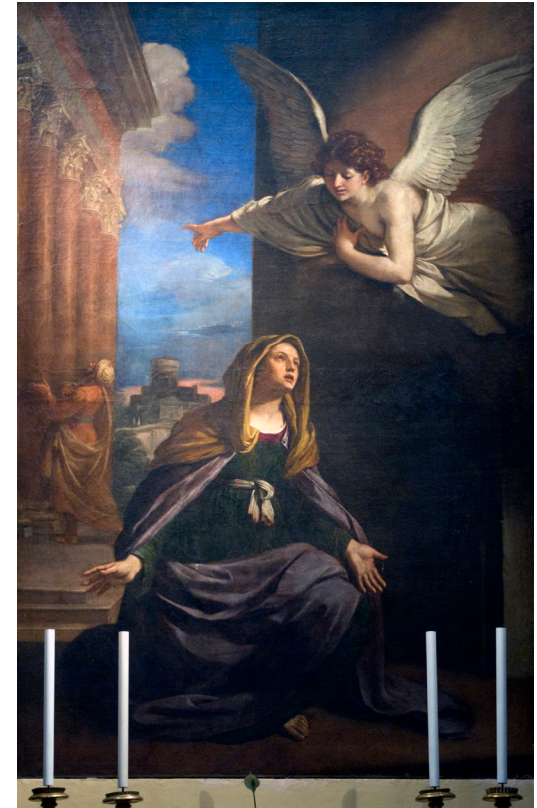

Based on Psalm 139:13-14, I spoke to the students in chapel about God knitting us together inside our moms. I displayed fetal models as I spoke indicating the various stages of growth. We then read Psalm 51:5 (NIV):

“Surely I was sinful at birth, sinful from the time my mother conceived me.”

I asked, “What does this say about us before we were born?” One of the younger students answered rather loudly, “We were trouble makers!” He got the message!

We trouble makers need a peace maker from the moment of conception. On the Annunciation of our Lord (March 25), we celebrate the fact that we have one. Nine months before Christmas we are reminded that Jesus was conceived in the virgin Mary by the power of the Holy Spirit—a holy conception, a holy Child with a holy mission. On the cross, Jesus’ suffering and death would make peace with God on behalf of the trouble makers.

“For God was pleased to have all his fullness dwell in him, and through him to reconcile to himself all things, whether things on earth or things in heaven, by making peace through his blood, shed on the cross” (Colossians 1:19-20 NIV).

Artwork: Tolentino (Macerata, Marche, Italy) – The Annunciation, painting in the San Nicola church with four candles: the Archangel Gabriel and the Virgin Mary.

In the midst of Lent, we are reminded that the path to the cross did not start in a manger but in a fallopian tube. In the midst of Lent, we are reminded that we have a Peace Maker who took our place from the moment of conception. In the midst of Lent we are reminded of the great value God gives to life from the moment of conception.

May your journey to the cross and the empty tomb give you peace.
